What an awesome year to be a Bear at West Oso Junior High! I am so very proud of each and every one of you. Not only did you blow the roof off of AR, but you did it with style! Total points increased by 242% and you read over 41 million words this school year. That is 24 million more than last year. Did you know that 92% of the students in the 100 point club were commended on the Reading TAKS? It just goes to show that practice does make perfect. Next year is going to “p”awsome! I have some great reading rewards planned for you. So.....keep on reading through the summer and be ready to AR test when school starts. Pick up a summer reading log in the library. **Read On!**
