April 23, 2024

Dear West Oso High School Parents,

On Tuesday, April 23, 2024, at approximately 12:10 p.m. the West Oso High School campus was placed on lockdown while police investigated a threat made against a student on the campus. This action was taken, as a precautionary measure. The individual making the alleged threat was not within district boundaries. At no point did any outside individual enter the building.

During this time all students were safe. The lockdown was in place for about 50 minutes and lifted at 1:00 pm when CCPD gave an all clear to campus and district administration. At this time, classroom instruction continued.

Please know that West Oso ISD takes security concerns seriously. The safety of our students is always our top priority. Please contact our school if you have any questions.

Terry Avery

Principal
