West Oso Independent School District is proud to announce their 2024-2025 Teachers of the Year. Teachers are selected by their colleagues at each campus and exemplify the very best qualities of commitment to children, dedication to education, and improving their school and the district. These teachers represent the outstanding commitment it takes to help students learn each and every day. West Oso ISD is proud to have these teachers in our district and on our campuses working with our students and their families.
