	EOC	June 24	Algebra I, Biology, US History
	EOC	June 25	All Make Up Sessions must be completed by this date.

As mandated by the Texas Education Agency, students in Grades 3 through 12 are required to take part in the State of Texas Assessments of Academic Readiness (STAAR) program.

STAAR Grades 3 - 8: These exams assess math and reading at each grade level, science in grades 5 & 8 and social studies in grade 8.

STAAR EOC: These assessments test high school students for college readiness and produce performance labels that indicate a student's mastery of the course's standards. The end-of-course tests assess the students in Algebra I, Biology, English I & II and US History.

STAAR-Alt 2 Grades 3-12: This alternate assessment is based on alternate academic achievement standards and is designed for students with significant cognitive disabilities who meet the participation requirements. STAAR -Alt is administered in the same grades and subjects as STAAR.

TELPAS Grades K-12 & TELPAS -ALT Grades 2-12: This exam is designed to assess the progress that limited English proficient (LEP) students make in learning the English language. This assessment consists of online reading tests (for grades 2-12) and online listening & speaking and holistic rating of writing (for grades K-12).
