

# **WEST OSO INDEPENDENT SCHOOL DISTRICT**

**KIMBERLY MOORE ~ SUPERINTENDENT OF SCHOOLS**

## **NOTICE FOR WEST OSO ISD FAMILIES & STAFF**

**FRIDAY, DECEMBER 8, 2023**

To: West Oso ISD Families & Staff

West Oso ISD has been notified that some school districts in Texas are receiving an email regarding a potential threat to schools. As of this time, West Oso ISD has NOT received any such communication. State and local law enforcement entities are aware of this email chain and are tracking this information online.

Once again, West Oso ISD has not received any direct email as of this time. The district has received notification from the Chief of Safety & Security at the Texas Education Agency stating that these emails are part of a widespread hoax in circulation throughout the state. School continues as usual today, and we will continue to monitor the situation.

Thank you for your continued support of West Oso ISD, our students, teachers, staff, and local law enforcement.

With appreciation,

West Oso ISD Administration
