## FOR IMMEDIATE RELEASE

### JOHN F. KENNEDY ELEMENTARY SCHOOL STEM CAREER DAY

**DATE OF EVENT:** FRIDAY, MARCH 8, 2024

**LOCATION:** JOHN F. KENNEDY ELEMENTARY SCHOOL  
1102 VILLAREAL  
CORPUS CHRISTI, TX 78416

**TIME:** 8:00 AM TO 1:00 PM

On Friday, March 8, 2024, John F. Kennedy Elementary School will host STEM Career Day. This event will allow our PK-2<sup>nd</sup> grade students to be exposed to diverse careers throughout the Coastal Bend region. The purpose of this event is to spark students' interests, inspiring them to explore possibilities throughout their educational career. During STEM Career Day, our students will be able to ask questions, ignite their imagination and gain awareness of the vast careers available in STEM.

"This event is aimed at captivating curiosity in our students and inspiring the next generation of innovators" said Roxanna Martinez, JFK Elementary School Principal. "John F. Kennedy Elementary School is committed to providing high-quality learning experiences that prepare students for the challenges and opportunities of the 21<sup>st</sup> Century."

"We want the students of West Oso ISD to begin to dream now about their future. By exposing them to a variety of careers at a young age, our students are able to begin early making connections between what they are learning at school and what they might want to do when they grow up. Perhaps more importantly, the students are able to interact with community members from around the city, who motivate them to succeed in school, and open their eyes to possibilities for their future," shares Kimberly Moore, West Oso ISD Superintendent.

For more information about the John F. Kennedy Elementary School STEM Career Day or to learn more about John F. Kennedy Elementary School, please contact Ms. Diane Jackson, at 361-806-5900 ext. 102 or via email at [diane.jackson@westosoid.net](mailto:diane.jackson@westosoid.net).
